To: Jason Kraus <kraus466@umn.edu>;

Hi Jason --

The General Mills/Henkel Corp. Site is a State-enforcement lead Superfund site with enforcement and oversight done by the Minnesota Pollution Control Agency and EPA does not have much involvement there. If you haven't seen it already, MPCA's web page for this project is found at:

<http://www.pca.state.mn.us/index.php/about-mpca/mpca-news/featured-stories/investigating-chemical-vapors-in-como-neighborhood-of-minneapolis.html>

Contacts at MPCA, MDH and General Mills are below (from MPCA's web site).

Contacts

For more information or if you have questions or comments, contact these representatives:

Minnesota Pollution Control Agency (for project or testing questions)

Edward P. Olson, CEP, Project Manager, Site Remediation 1, 651-757-2627, edward.olson@state.mn.us

Fred Campbell, Site Remediation 1, 651-757-2260, fred.campbell@state.mn.us

Hans Neve, Site Remediation 1, 651-757-2608, hans.neve@state.mn.us

Minnesota Department of Health (for health-related questions)

Rita Messing, 651-201-4916 or Emily Hansen, 651-201-4602

Site Assessment and Consultation Unit, 651-201-4897 or 800-657-3908

Email: health.hazard@state.mn.us

website: www.health.state.mn.us/divs/eh/hazardous/topics/tce.html

To schedule sampling, call Barr Engineering, 952-842-3505.

To contact General Mills, call 763-293-1165.

Subject: TCE Contamination in Minneapolis

Hello,

I am a student at the University of Minnesota-Twin Cities and have become interested in the actions taken by the EPA and General Mills regarding the TCE contamination sites in the Como neighborhood. I am wondering if you could please answer a few questions that I have for regarding the past, present, and future actions taken. I look forward to your response

Thank you

--
